Dr. E. W. Brown, Oculist,
RESPECTFULLY tenders his professional services to the citizens of upper Missouri and the Kansas Territory. Having carried on an Eye Infirmary for several years past in Plate city, Mo., and having treated a large number of patients with almost every description of diseased Eyes, he flatters himself that he will be able to give satisfaction to all who may desire his services. His infirmary buildings are large and fitted up so that patients are not only well accommodated but under his immediate care. The cost of being cured at his establishment is comparatively small when traveling and other expenses to St. Louis or another distant point are considered. Persons having children laboring under long continued scrofulous disease of the Eyes are most positively assured that they can get them cured at his infirmary. Dr. Brown would, also, most respectfully invite the attention of the medical profession throughout the country to his establishment, and if cases of diseased Eyes should spring up in their practice that can only be treated successfully at an eye infirmary he would be most pleased to have them recommended or sent to him. If any further information is wanted, call on Capt. Easton, or W. H. Adams, at the Herald office.
